Epitaph on the Hawaiian Cable. Washington, Feb. 19.—The conference on the diplomatic bill, Monday, accepted their cable and will make their report to the Senate Tuesday. They agreed on all items but the one appropriating \$50,000 for the compensation of the cable between the United States and the Hawaiian Islands. The House Monday by a vote of 53 to 35 declined to pass the bill over the veto of the executive, and thus settled the matter finally.

## THE INTEREST.

On the Gold Bonds Began Monday. Emergency Certificates.

WASHINGTON, Feb. 19.—Secretary Teller said Monday morning that everything was all right for the carrying out of the contract to purchase gold by bonds with the syndicate and that the option of ten days given for Congress to act in the matter having expired Monday, the interest on the bonds would begin Monday, although it might be three weeks or perhaps one month before the bonds themselves would be delivered.

The trouble was that the bonds had to be run through the presses twice, and the work being a delicate and particular one, it had to be done carefully. This, however, would not interfere with the paying in of the gold into the treasury, as the syndicate understood that the interest began with the payment of the gold or the actual consummation of the deal. Secretary Teller also said that everything was running smoothly in the negotiations.

The Senate appropriation committee Monday morning, by an almost unanimous vote, decided to attach the three per cent emergency certificates to the sundry civil bill, and it is expected that bill will be reported Monday afternoon. The amendment provides for three per cent certificates to run for three years to supply the deficiencies in revenue, and to be used for the current expenses of the government. The committee also added an amendment to the rider that hereafter the president and the secretary of the treasury shall not make any contracts in private with brokers or bankers nor shall the administration sell any more bonds without authority. The debate over the private contract paragraph was exceedingly lively and the expression of opinion was decidedly frank and free and had it been made in open Senate it would have proved most interesting to some people. The news of the action of the Senate appropriation committee made their \$1 under the general law, by the Altamont Water Co. The proposition involves the largest project ever undertaken in the west, the construction of a dam 100 feet high, 700 feet in thickness at the base and 100 feet wide at the top. Primarily it is undertaken to supply the city of Duluth with water, indefinitely a power estimated at 300,000 horsepower would be developed that may be used for manufacturing and commercial purposes.

Between the city and source of supply there is a range of low hills about one hundred feet high and the dam is necessary to carry the water over that. The passage of the bill has been recommended by the committee on Indian affairs, but the minority of the committee present a vigorous dissent, because it has many "unstable features" which would destroy confidence in the country and materially retard its progress.

Speaker Teller has satisfied the gentlemen of the minority of his progressiveness by telling them the former is out of the way, will probably occupy the rest of the week except Saturday, which has been set apart for the delivery of eulogies upon the late Senator Vance, of North Carolina.

## OATES VETO SUSTAINED.

The House of Representatives Agrees, 53 to 55, That the Mule Railroad Bill Is Bad.

Montgomery, Ala., Feb. 19.—The house of representatives Monday promptly declined to pass the bill involving the litigation over the ownership of the Alabama road, and the matter will have to be settled in the courts where it is in suit, now pending between two contestants, the Southern and the Cincinnati, Hamilton & Dayton.

This has been in the most spirited contest ever known in the Alabama legislature, the bill having passed through both houses several times by reason of amendments being tacked on. It finally passed both bodies in due form and went to the governor for his signature. He vetoed it on account of its unconstitutionality, in that it discriminated against other stockholders.

The House Monday by a vote of 53 to 35 declined to pass the bill over the veto of the executive, and thus settled the matter finally.

## SHOT TO DEATH.

Wife Murdered, Killed in His Cell by a Missouri Mobs.

Knoxville, Tenn., Feb. 19.—About two o'clock Sunday morning a mob of masked men, supposed to be negroes from Hamilton, surrounded the sheriff's house and jail here, caught and bound Sheriff Goldsberry, whose deputy was away, took the keys from him and gained entrance to the jail corridor, with the avowed purpose of taking out and hanging George Tracy, a negro who shot and killed his wife at Hamilton in this county, the morning of January 30.

In the inside the mob was unable to get into the steel cell in which he was confined with two other Negro prisoners. Tracy crawled under his bed and the mob began shooting through the bars of his cell door and succeeded in putting six bullets into his body, killing him instantly.

The sheriff made all the resistance he could, but was overpowered.

## Epitaph on the Hawaiian Cable.

Washington, Feb. 19.—The conference on the diplomatic bill, Monday, accepted their cable and will make their report to the Senate Tuesday. They agreed on all items but the one appropriating \$50,000 for the compensation of the cable between the United States and the Hawaiian Islands.

At Brooklyn the grand jury Friday morning presented indictments against Benj. Norton, president of the Atlanta Banking Co., and Supt. Daniel Quinn, charging them with a violation of the tennessee law.

The sheriff made all the resistance he could, but was overpowered.

## PLENTY WORK.

Five Appropriation Bills Yet to Be Disposed Of.

Several Other Important Measures Are to Be Disposed of Before This Session Ends, Among Them the Equitable Pensions of Mexican War Veterans.

WASHINGTON, Feb. 19.—With five appropriation bills still unacted upon, and but two more of those of this session, it is evident that the Senate will not be inclined to discuss matters other than appropriation bills this week. There is always the possibility of a financial situation springing up and under the very law rules of the senate, more or less of the morning hour may be consumed in this way. The hope of getting a vote in the senate on the various financial propositions has not been altogether abandoned. It is believed that some agreement may be reached after the sundry civil bill is out of the way. The coming week will be required to pass the Indian bill and the sundry civil bill, which will be reported to the senate Monday.

The trouble was that the bonds had to be run through the presses twice, and the work being a delicate and particular one, it had to be done carefully.

Major Thomas H. Shadby, Internal Revenue Collector for the Seventh District of Kentucky, died at his home at Lexington Tuesday morning, after a brief illness.

The Democrats will nominate a list of men for State officers who are above reprobation. They could scarcely do otherwise from the names which have been proposed.

The Maysville Public Ledger mentions the names of St. John Buyle, Judge George M. Thomas, of Vanceburg; Curtis F. Burnam, of Richmond; Judge Holt of Frankfort, and John M. Wilson, of Barboursville, as candidates for the nomination for United States Senator before the Republican State convention.

The State Contest Board declared by a vote of three to two that Judge Sterling B. Toney had been elected Judge of the Court of Appeals from the Louisville district. Judge Toney handed in his resignation, stating that he would not accept them unless it came to him by the unanimous vote of the contest board. This produces a vacancy which must be filled by appointment until the election next November.

Two Chinese Generals and an Admiral have killed themselves within the past few days. This is considered the honorable course under certain conditions among the Chinese. This recalls a very queer custom of that queer country. The laws deal very severely with a man upon whose premises the dead body of a man is found. In order to avenge a grievance it is said the Chinaman often stabs his enemy's corpse, so that the discovery of his body there may get the enemy into serious trouble.

In view of the consistent stand always held by the Democratic party against special privileges to any class of men, which was clearly shown by our stand on the tariff question in objection to the enriching of a few protected manufacturers at the expense of the people, it seems impossible for any consistent Democrat to favor any legislation which would enrich a few silver mine owners at the expense of the people.

Free silver is only for the man who owns the mine, and whoever else would possess it must work for it. It would not be softening gradually, and Capt. Meek thinks his steam boats are reasonably safe.

If there should be a rapid high tide, with the present amount of ice loss to the Sandy Valley, it would be immense, as there is a great many saw logs in the river scattered from its mouth to Pikeville and the logs and even whole rafts of the logs are frozen in the ice.

## ADAMS.

Harry O'Bryant is still very sick. Also, Mrs. W. H. C. McKinster is not improving very fast.

Little Minnie Johnson, an eight year old daughter of D. B. and Della Johnson, got burned to death in the bust by her clothing catching fire. She and her little 3-year old brother were at home by themselves when the accident happened. W. T. McKinster heard the little girl scream but when he got there her clothing was nearly all burned off. She lived until the 8th instant when she crossed the cold stream of death. She has gone to dwell with him who said; "Suffer little children to come unto me, and for of such is the kingdom of heaven." The bereaved parents have our heartfelt sympathies.

Mrs. Gus Moore is visiting her parent, H. P. Elderman and wife. We are sorry to hear of the serious illness of Carlfield Roberts, and U. G. Wellman; also of Dr. Burgess, of Charley.

Bug Moore, of Johnson Co., has moved to the Ash branch of Little Blaine. Glad to have him with us.

H. J. Salyers traded his farm to G. V. Ball for \$350. H. J. is going to move down near Ashland.

Three boys were seen going from M. H. Thompson's tobacco barn with a fine lot of tobacco which they had taken. Such fellows ought to be handled.

Jas. Crenutt is very sick at this writing with dropsy.

W. H. C. Thompson has been visiting on our creek.

Jas. and Lee McCaw visited T. Thompson's school on the fast day.

Jas. Castell's boys, of Ashland, are visiting their uncle, W. H. C. McKinster.

J. O. Moore and F. W. Thompson traded houses the other day.

Delia and Lucy Thompson, of Cherokee, are visiting friends on our creek. Roso Moore was hurt very badly on last Thursday night going from the library.

Lewis Castle, of Johnson, community, is on our creek.

Reuben Ball went up our creek way to J. P. Elderman's.

We are informed that Peter Sparks' son got his thigh mashed off by a tree falling the other day, and his recovery is very doubtful.

Charley Johnson and wife were visiting Mr. Elkin at Fall-burg last week.

Rev. Jerry Rile passed up our creek Friday.

Wm. Church made a dashing trip to Denton to convey Ohio and Tommy Chadwick at which place they will attend school.

Wm. Vanhorn has been moving during this snow to his farm in Carter Co.

David Enyart has moved to Charley Simpson's farm.

Mrs. Jared Short and daughter-in-law Mary Short are visiting on Possum Trot.

"Just ten years ago," said he, "my wife suffered a small lump in her breast. She thought nothing of it, but it increased in size rapidly, and soon broke through the skin, and commenced to discharge. She was put under treatment of the best physicians, but they were soon found that they could do her no good, and simply prescribed antiseptics to keep the place clean. Both her grandmother and aunt by the way, had died with cancer, and when apprised of this fact, the doctors told me that they would not attempt to save her; that she was incurable. Although the cancer had by this time become deep seated, and her health very low, I had one of the most noted specialists of New York to treat her. After treating her awhile, this doctor admitted that the case was hopeless and further treatment useless. It is difficult to imagine how despondent we all became, knowing that she must die, and unable to give her any relief. I had spent over five hundred dollars with the best medical skill to be had, and felt that there was no further hope.

One day I happened to read an advertisement of S. S. S., recommending that remedy for cancer, and in view of the failure of the most eminent physicians in the country, I confess I had little faith left in any human agency. However, I purchased a bottle of S. S. S., and to my delight, it seemed to benefit her; after she had taken a couple of bottles, the cancer began to heal, and astonishing as it may seem, a few bottles more cured her entirely. You can probably better understand how remarkable this cure was when I explain that the cancer had eaten two holes in the breast two inches deep. These healed up entirely, and although ten years have elapsed, not a sign of the disease has ever returned, and we are assured of the permanence of the cure, which we at first doubted.

I certainly regard S. S. S. as the most wonderful remedy in the world, and it is truly a God-send to those afflicted with this terrible disease. Very sir, it is confirmed, you may be sure that I shall always be grateful to that remedy for without it my home would now be desolate and my children motherless." Memphis, Tenn., Compt.

Communications not accompa-  
nied by the writer's name are not  
published in the News. This will  
probably explain to many corre-  
spondents why their productions  
have not appeared.

Is there any significance in an  
undertaker's establishment being  
located up stairs over a saloon? Think not, in the instance noticed  
in Louisa, but it furnishes material  
for a garrulous joke.

### A FATAL WRECK Which Caused a Sad Home- Coming.

On last Monday morning at four  
o'clock a passenger train on the  
Norfolk & Western railroad was  
wrecked at Kenova, W. Va. Almost  
every person in one first-class  
passenger coach was hurt to some  
extent. Mr. J. F. Kendrick and  
family (wife and three children)  
were in that unfortunate car on  
their way to this place to again  
make it their home. To this family  
the saddest experience of the  
accident fell. The second child,  
Alex, a boy two years old, was  
crushed to death. He was asleep  
on a seat and when the car turned  
over he was thrown through a window.  
The car caught him and crashed  
out his life almost instantly.  
The parents were bruised  
considerably but not dangerously.  
The two other children escaped  
unhurt.

The family did not reach here  
until Tuesday. On Wednesday af-  
ternoon the funeral took place at  
the M. E. Church, and was largely  
attended. The body was then laid  
to rest in Pine Hill Cemetery. The  
sad affair has awakened much sym-  
pathy.

### Jack Marcus Pardoned.

Gov. Brown last week pardoned  
Jack Marcus, who was sent to the  
penitentiary several years ago for  
manslaughter, on a sentence of  
thirteen years. After serving six  
years he was released under the  
parole law, but was soon afterward  
returned for stealing some money.  
His mother is very old and depend-  
ent and this is the principal cause  
of his pardon.

### For Rent.

Two farms, well adapted to  
cattle raising. New cleared land.  
Last year's crop to be seen in the  
barns, good dwellings and barns,  
including tobacco barns. Address  
or inquire of J. H. Norton, P.  
Loudon Ky.

### Against the Poor House Keeper.

In the County Court last Monday  
complaints were filed against Geo.  
W. Pigg, keeper of the Lawrence  
county poor house, charging him  
with destroying timber and other  
property belonging to the poor  
house farm, with inflicting the  
lunatics, and with other irregular-  
ities. Judge Woods entered a rule  
against him. The matter will come  
up before the court soon.

Merchants who want custom  
should have the politeness to invite  
people to their houses. Well bred  
people, it is said, do not go where  
they are not invited. We have  
noticed that the merchants who give  
the most pressing invitations have  
the most visitors. We have seen  
two merchants go into business in  
the same town with equal advantages  
as to location, we, and the one  
who advertised built up a fine busi-  
ness while the one who did not was  
compelled to quit business. —Jack-  
son Hustler.
